*I understand that the terms and condition of my loan agreement will apply except that there will not be any regular monthly payments required on approved requested deferral period. Afterwards I must make my regular monthly payments. I understand that finance charges will continue to accrue during the deferral period. I understand that deferral of my regular payments will result in having to pay higher total finance charges, and that my loan repayment schedule will be extended. I also understand that the credit union reserves the right to terminate this offer at any time.

I have a loan with another financial institution. I would like information about how Members Choice Credit Union can help me take a break from a payment on this loan as well.
